Liliyah-Joy Quel-Kaina

user@gmail.com • (808) 000-0000 • Honolulu, HI

EDUCATION

Chaminade University of Honolulu
Expected Graduation: May 2029, Honolulu, HI
Major(s): Forensic Science and Data Science Analytics & Visualization
Minor(s): Criminal Justice & Criminology and Chemisry
Roosevelt High School
August 2020 - May 2024 Honolulu, HI

Experince

Lanakila Summer Fun, Honolulu, HI
Student Aide I, June 2024 - July 2024 | Honolulu Department of Parks and Recreation
Collaborated with coworkers to develop and implement daily plans, ensuring the efficient supervision and care of over 20 children. Proficient in organizing engaging activities, from arts and crafts to outdoor games, fostering a fun and educational environment. Organized a small task force, assigning specific roles to fellow team members to efficiently complete group activities and meet program objectives. Ensured the safety and well-being of children by closely monitoring behavior and enforcing Summer Fun rules, while maintaining a positive and nurturing atmosphere. Assisted in resolving conflicts and addressing children's individual needs, improving group dynamics, and promoting teamwork.Communicated regularly with parents regarding their children's progress and daily activities.

Hawai'i State Umpire (Softball)
Umpire, January 204 - Present | USA Softball
Trained and certified to umpire games. Officiated competitive softball games, enforced rules, and maintained fairness throughout the play. Ensured Player safety and adherence to the league rules and regulations. Made quick decisions under pressure and remained transparent to the players, coaches, and spectators.

Supporting Pacific Impact Computational Excellence (SPICE)
Participant, June 2025- June 2025 | All-Spice Alliance| TACC| Hawai'i EPSCoR| Cifal| CI-Pacific Professionals| Chaminade University
Researched, visualized, and presented a poster on Examining the Characteristics of Criminal Justice Referred Substance Abuse Treatments in Cases in Hawaii. Looked up data sets and programmed in Jupyter Notebook via the TACC portal. Cleaned information and created a visualization from the data set using Python and multiple libraries. Presented to the SPICE participants, staff, and individuals with Data Science Knowledge. Utilized machine learning and AI to make predictions, identify patterns, and create maps.

Advanced Computing Student Collaboration
Participant, June 2025 - July 2025 | TACC|ACSC
Researched, visualized, and presented a poster on Analyzing DUI Deaths in Hawai'i. I researched and found datasets that I could clean and make a visualization. I uploaded my dataset into Jupyter Notebook via the TACC portal. Utilizing Python and various libraries, we sorted and created maps to analyze the ratio of total deaths to DUI deaths for each county in Hawaii. Along with comparing impaired v. non-impaired fatal accidents, both comparisons used data from 2018 to 2023. Presented at the PEARC25 conference in Columbus, Ohio.

Alaka'ina Foundation Vaughn Vasconcellos DS and CS Program
Intern, August 2025 - Present
We are currently developing a Facial Recognition System that will be able to detect and recognize faces in pictures taken from video cameras. Programming everything in Jupyter Notebook from the TACC portal. The language in use is Python.

State Judiciary Criminal Justice Research Intern
Intern, October 2025 - Present
Approximately fifteen years of data from jail admissions and releases will be analyzed with machine learning to pilot an innovative method to report out on pretrial detention metrics. As part of an internship, I will test a machine learning methodology using statewide jail data. This study will pilot an innovative framework for producing this metric by using machine learning to identify pretrial jail detention length as an alternative to relying on descriptive statistics (i.e., median days in jail for all defendants). Additionally, data will be used to develop a preliminary model to predict jail detention that can be validated with CJRI's integrated dataset (jail and court data) at a later date.

CERTIFICATION

INBRE Pathway to Research Seminar Series
October 2024 - November 2024 National Institute of Health | United Nations

CONFERENCE PRESENTATIONS

2025 ACM Practice and Experience in Advanced Research Computing Conference (PEARC25)
July 2025 July 2025
Researched, visualized, and presented a poster project on DUI Fatalities in the state of Hawaii. Done through the partnership program, ACSC.

OTHER EXTRACURRICULARS

Softball (Starter)
Roosevelt High School- *Junior Varsity and Varsity*
September 2020 - May 2024 (4 years)
Na Wahine- *Club*
May 2019 - January 2024 (4.5 years)
Dynasty Hale - club
January 2024 - May 2025 (1 year)
Chaminade University of Honolulu - Collegiate sport
August 2024 - May 2025
Anchors - Church League Slow Pitch Coed Women's
July 2025 - Present
Lady Bamn -USSSA Slowpitch League
July 2025 - Present

Practiced and conditioned daily, competing in state tournaments and winning local ones. Aided in tryouts and the development of younger peers. Raised $3000 through the annual Kalua Pig Fundraiser. Provided a model example for younger peers to follow. Provided continuous support, encouragement, and good vibes to the team. Developed a good work ethic and Time management skills.

Orchestra (Violin)
Kawananakoa Middle School (Violin 1 & Violin 2)
January 2018 - May 2020 (2 years)
Roosevelt High School (Violin 1 & Violin 2)
August 2020-May 2024 (4 years)

I practiced violin daily to improve my skills and internalize music. Participated in numerous off-campus performances, as well as school performances, all of which were highly recommended. Participated in the Parade of Orchestra events, in which high grades were received from two highly regarded adjudicators. Offered opportunities to perform in Carnegie Hall in New York and Japan. Guided younger peers and collaborated with other musicians.

ACADEMIC ACHIEVEMENTS

2020-2023 Honor Roll

- Maintained a 3.5 or Higher GPA each semester

2024 AP Scholar

- AP classes
    - Biology, Psychology, and Calculus 1
